Tohatsu Onboard Communication System (TOCS) For MFS25-115

3KY726370M

Adapter Harness needed for MFS25/30C models

3NV761330M

Features:

Fuel flow rate (gallons per hour), multiple fuel tank levels, oil change scheduled maintenance notice, engine battery voltage, engine operating temperature, and total engine hours.

Includes all plug & play connectors.

Warning System:

Engine overheat, low battery voltage, over rev, engine safety governor mode, lanyard not installed warning, low oil pressure. Charging system indicator warning and water-In-Fuel Warning for BFT models only.

Trim Gauge

MFS25-115

Black : 3GF725710M

White : 3GL725710M

Features a domed lens to minimize glare in direct sunlight, a fog & scratch resistant coating and chrome bezel.

GPS Speedometer

Black : 3NV726720M

White : 3NW726720M

No external GPS antenna required! Premium LED back-lit dial.

Ultra fast satellite acquisition time; 1 second from Hot Start. Speed accuracy of +/- 1 MPH. Digital stepper motor driven pointer. Ideal replacement for speed sensing devices, such as pitot tube and paddle wheel, that fail over time. Perfect for slow moving vessels where pitot tubes just don't work. Deutsch style weatherproof connectors.

Harness & installation instructions included.

Analog Tachometer

Black : 3NV726380M

White : 3NW726380M

All Remote Models.

Analog backlit gauge features a domed lens to minimize glare in direct sunlight, fog/scratch resistant coating, and chrome bezel

Optional GPS Module

Tohatsu TOCS 4.3" LCD Display
MFS25C - MFS115A
All BFT Models

Gauges

- Displays wide array of data received from NMEA2000, J1939 CAN Bus & Analog sensors
- Optically bonded mineral glass lens with perfect readability even in daylight
- Single-cable Plug & Play installation
- Analog sensors directly connect to the display
- Changeable bezel in different colors
- Easily customize additional pages - up to 40 different data pages
- Compatible with MFS25C to MFS115A and BFT250D models
- Compatible with Tohatsu self-diagnostic system
- Compatible with single, twin, triple or quad outboard installations
- Optional GPS Module available to measure speed
- 2-Year Warranty

Available Fall 2020

S681K000461010

Kit includes sun cover, engine drop cable, backbone cable, battery cable, terminators & connectors
